Benvenuti

Welcome

We are pleased to offer a carefully curated selection of wines that showcase the best of Sardinian wine culture and complement chef/owner Giovanni Pilu's Sardinian menu. Sardinia is known for its unique wine production and ancient vineyards, and we are proud to offer a diverse range of wines that highlight the unique terroir and winemaking traditions of the island.

We have selected wines from some of the most reputable and innovative wineries in Sardinia, as well as from smaller producers who are dedicated to crafting high-quality wines that represent the true essence of the island. In addition, we have an extensive selection of wines from diverse regions of Italy and closer to home, our list focuses on the wines of New South Wales.

Our staff is knowledgeable about Sardinian wine culture and passionate about all things wine – they can help guide you through our wine list to find the perfect pairing for your meal - we have something to suit every taste and preference.

Salute!

Italian wine classification

DOCG: The highest classification for Italian wines, introduced in 1980. It is used to ensure that a wine is controlled and follows a predetermined production scheme to receive the denomination. There are strict rules regarding the production of DOCG wines, monitoring yield limits, ripening of the grapes, vinification, procedures and specific aging.

DOC: A step below DOCG and created in 1963, quality control standards are less strict (but similar in style) than those applied to DOCG wines.

IGT classification was introduced in 1992, to allow a certain level of freedom to Italian winemakers. Before 1992, many wines did not qualify under the DOC or DOCG terms because they were made from grape varieties (or blends) not sanctioned under DOC or DOCG.

VdT is short for vino da tavola, wines that are approachable, suitable for everyday occasions.

Vini al bicchiere

Premium Wines by the  s: served using Coravin

A Coravin Wine Preservation System is a device that allows wines to be enjoyed without opening the bottle. The Coravin system inserts a hollow needle through the cork allowing the desired amount of wine to be poured from the bottle. The system injects argon gas into the bottle which replaces the lost volume of wine and also pressurizes the bottle, preventing oxidation and maintaining the wine's freshness. Coravin ensures that each pour maintains the wine's quality, allowing you to enjoy premium wines over time.

Sardegna

Sardinia

Sardinia is the second largest island in the Mediterranean and is 200 kilometres off Italy's west coast. It is a unique region that has spent much of its recent history under Spanish rules. The Phoenicians were Sardinia's first foreign invaders and introduced winemaking to the island, but it was the Spanish, controlling the island from the 14th to 18th centuries, who contributed the most to Sardinia's wine production. The climate is Mediterranean, with short, mild, wet winters and long, hot, dry summers. With rugged mountains and dry plains, soil types vary from sandy clays in the south, the granite of Gallura in the north, to alluvial, gravelly soils around Oristano in the west. Today Sardinia is home to a unique range of grape varieties. Previously known for producing bulk, fortified and 'Meditazione' wines (including the famous Vernaccia di Oristano from the west coast), Sardinia is now known for its high-quality table wine from Vermentino, Cannonau and Carignano. Beyond these, lay an exciting range of lesser-known varieties such as Nuragus, Torbato, Monica and Bovale, adding diversity and interest to the Sardinian range.

Vini spumanti sardi

Sardinian sparkling wines

In Sardinia sparkling wines are produced from a variety of local and international grapes (if only in fairly small quantities) and can be dry or sweet. Made in both: 'Metodo Classico' (Champagne method) and 'Charmat' method (Tank).

Torbato

Of undoubtedly Spanish origin, it is in Sardinia that Torbato was able to reveal its full potential, specifically in the Alghero region characterized by a warm and dry climate and by calcareous-clayey soils, rich in sand and iron, which give the wines strength and minerality. Great with lobster Catalana, try with bottarga, sea urchin, seafood and spicy dishes.

Nasco

Grape of ancient origin whose name derives from the Latin 'muscus', to describe the characteristic musky aroma of the refined wines, Nasco was on the brink of extinction and saved by a group of zealous growers from the province of Cagliari which in time also managed to obtain the DOC - Nasco di Cagliari. It is mostly used for the production of dessert wines, although some dry version can be consumed with rich fish and white meat dishes.

Vini rossi sardi

Sardinian red wines

Cannonau

Cannonau is the most widespread black grape variety in Sardinia and certainly the best known outside the island. It is grown throughout the region, although the greatest concentration is found in Nuorese and Ogliastra. It is great with suckling pig and game dishes. Styles range from medium-bodied and soft, to rich, supple and powerful.
